Rat Killing Week

Proclamation!

THE scourge of rats has at last been recognized by the American people. You can always count on the great American public to do the right thing for the country's welfare.

Now that you folks have been thoroughly aroused to the danger to the health of your city and the financial loss caused by rats, you are going to get busy and kill them off by the thousands.

I Can Help You

For years RAT-SNAP has killed rats. Read what R. H. Grant, Agent for the Atlantic Coast Line Railroad at Weldon, N. C., writes on Feb. 19th, 1921, to the Sup't. of Freight at Wilmington, N. C.:

"On Saturday, Feb. 5th, two weeks ago today, rats were plentiful, and I have seen as many as thirty to forty on the floor at one time. One of the clerks suggested that we put out some poison, so we purchased a package of RAT-SNAP put out by the

Youell's Exterminating Co. Westfield, N. J., used two-thirds of the package that night and the rats cleaned it up. On Monday morning I saw one rat eating meal on the floor; later that same day there was one more rat seen in the house, but that was the last one. This makes thirteen days and we have seen no rats. Not one bit of odor left behind."

If you use RAT-SNAP I will personally guarantee that you will rid yourself of every rat. You may see a few dead rats; most of them disappear. Their carcasses dry up and leave no smell.

This is a big contract, but remember I guarantee it. Cats and dogs won't touch it, so your house-hold pets are safe. Do you share this rat-killing weekend kill rats with RAT-SNAP. Go now to any of the stores in your city mentioned below and buy RAT-SNAP. Three sizes. Price, 35c, 65c and \$1.25.

Your money back if RAT-SNAP does not do the work it is intended for — to kill rats.
